Subject: Lahaina Revised Draft Permit

Dear Ms. Rumrill,

I would like to provide a brief comment regarding the Revised Draft Permit for the Lahaina Wastewater Reclamation Facility (County of Maui, Hawaii). From what I understand the revised draft permit is an improvement over the previous one, but according to experts there are apparently still issues that need addressing. As this is a complicated matter and there are many factors involved, please consider the need for an additional public hearing, so the community can become better informed about what's going on, what's being proposed, and the various social, economic, and ecological implications.

Thank you,
Liz Foote
